Factsheet AIR through the MHR

Accessing a patient's Australian Immunisation Register information via their My Health Record

Did you know you can access a patient's Australian Immunisation Register (AIR) record though their My Health Record system? This may be one source of information to show if someone has had a COVID-19 immunisation.

Step 1. From the patient's clinical record in Communicare. Click on "**EHR Profile**" then "**View Health Record Overview**"

Step 3. You will then see Australian Immunisation Register- AIR information.

Factsheet AIR through the MHR

If this is blank it may be because:

- 1. The patient has chosen to not allow their AIR information to link to the MHR
- 2. The patient has no immunisations recorded on the AIR
